Harlequin Reversible Pro has the same features of our best selling Harlequin Reversible – hard-wearing, lightweight and slip-resistant on both sides. Reversible Pro was developed with a new reinforced mineral fiber interply layer, giving the floor improved tear strength and dimensional stability which allows it to roll out and quickly lie flat!

Harlequin Reversible Pro is suitable for ballet, modern, contemporary, percussive dance including Irish and tap, multi-purpose use, hip-hop, jazz, aerobics, zumba, concerts, display, exhibitions, television, theaters and for operatic performances.

Harlequin Reversible Pro is ideally laid onto any hard, smooth surface and is preferred by stage technicians and touring companies due to ease of handling and portability.
