

# Harlequin Fiesta™

**Harlequin Fiesta** was developed because of the need for a floor which looked exactly like wood, but without all the associated problems of cleaning and maintenance. The floor's oak-strip performance surface provides the ideal solution.

**Harlequin Fiesta** is suitable for ballroom, salsa, percussive including Irish and tap, multi-purpose use, hip-hop, jazz, street, aerobics, zumba and for use in theaters and for operatic performances. It is the quick and simple answer in spaces where you need a social floor to accommodate the rigors of ballroom and tap shoes.

**Harlequin Fiesta** is specified for permanent installation, when the joints are welded to provide a continuous surface. It can be laid on any hard, smooth subfloor and is an excellent choice as the vinyl performance surface in conjunction with a Harlequin sprung floor.

## Specification Guide

<b>Permanent or Portable</b>	Permanent
