

Harlequin Reversible is the original double-sided dance and stage floor. It's a lightweight calendered vinyl that rolls out quickly, lays flat and stays flat. It's hard-wearing and slip-resistant on both sides, thus providing two floors in one!

Harlequin Reversible is suitable for ballet, contemporary, percussive dance including Irish and tap, multi-purpose use, hip-hop, jazz, street, aerobics, zumba, concerts, display, exhibitions, television, theaters and for operatic performances.

Harlequin Reversible is ideally laid onto any hard, smooth surface and is preferred by stage technicians and touring companies due to ease of handling and portability.
