Harlequin Studio B is designed for extra strength, with a firm cushioned foam backing. Studio B protects against hard sub-floors, but is still light enough to be portable for touring. Available in two colors, Studio B offers a special embossed surface, which allows ballet and modern dancers freedom of movement.

Harlequin Studio B offers just the right surface for ballet, modern, and other barefoot dancers, and gives them the added confidence for demanding choreography and movement.

Harlequin Studio B is a special hard-wearing floor covering suitable for dance studio and stage use, but lightweight, making it suitable for touring as well as permanent installation.
