

Harlequin Cleaning & Maintenance

To help prevent injuries and prolong the life of your vinyl floor, use of the following products is recommended. Additional cleaning and maintenance instructions are available on our website or from your Flooring Specialist.

HARLEQUIN CLEANERS

Harlequin recommends cleaning your vinyl floor with a neutral pH cleaning solution. We offer two options of neutral pH cleaners that are tough enough to remove soil, yet gentle enough for vinyl.

Harlequin Daily Cleaner

A low toxicity, biodegradable floor cleaner specially formulated for everyday use on vinyl performance floors. A one-gallon container should provide coverage for approximately 5400 ft² (600 yd²) of vinyl flooring when diluted.

Sold in gallon size or by the case (4 gallons).

Harlequin Heavy Duty Cleaner

An environmentally safe, low-odor stripper ideal for use on highly trafficked vinyl performance floors. A one-gallon container should provide coverage for approximately 5400 ft² (600 yd²) of vinyl flooring when diluted.

Sold in gallon size or by the case (4 gallons).

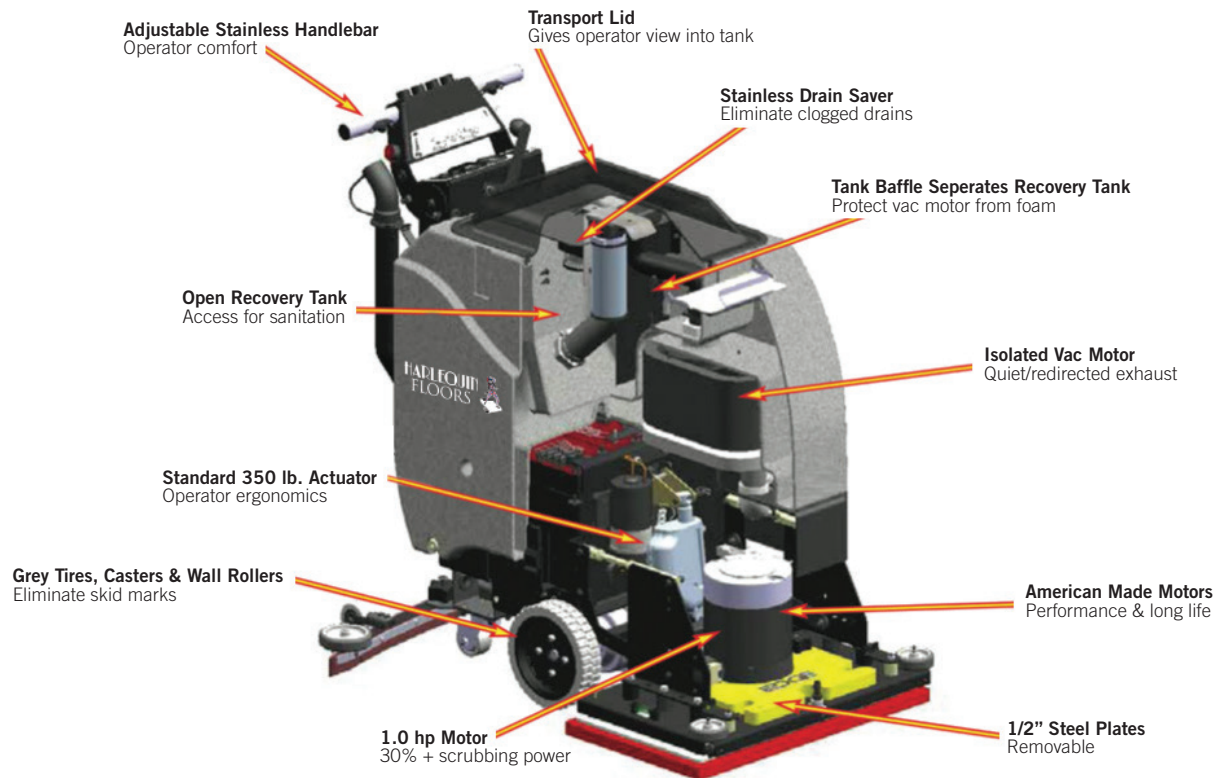

HARLEQUIN FLOOR SCRUBBER

Harlequin MicroMini Floor Scrubber

The Harlequin Floor Scrubber is designed to stand up to the demands of daily studio and stage floor cleaning, yet gentle enough to maintain the integrity of your vinyl surface. This innovative, compact scrubber uses a high-speed oscillating motion, which allows the machine to remove dirt in one pass, using only tap water and a neutral pH cleaner.

- 24" cleaning path
- Environmentally friendly cleaning
- Non-abrasive pad deep scrubs while creating a safe, performance environment
- Easy to maneuver & easily access hard to reach areas and corners
- Removes dirty water as it cleans
- Perfect for use on vinyl floors
