“25 years ago Bentley Roton, Kevin McKenzie, Martine van Hamel and I founded Kaatsbaan International Dance Center in Tivoli, NY. On 153 bucolic acres we dreamed of a creative residence, and a rehearsal and performance center for all professional dance artists.

“As we celebrated our 25th Anniversary, we reflected on our hard work and the vigorous determination of thousands of dancers, choreographers and companies who have graced the beautiful **Harlequin Floors** we installed nearly 20 years ago. Harlequin’s devotion and reputation for quality motivated us to choose our **Harlequin Activity**® and **Harlequin Cascade**™ floors for our studios and large black box theatre. Harlequin have proven to be the ultimate professional standard and our choice as we expand into Phase 2. As Co-founders we may look a little grey, but like our Harlequin floors we are hard-wearing, spirited, resilient and ready for the next 25 years.”
