

Harlequin Tap Tiles™

Harlequin Tap Tiles offer an optimal tap surface, ensuring crisp sound and addressing common tap-related issues like scuffs and floor damage. These square yard tiles easily interlock to create a protective tap area. Manufactured to stringent standards for precision and flatness, they require thorough quality checks at each stage. These large-format square tiles seamlessly align to create tap spaces of any size. For slippery sub-floors, we recommend double-sided tape along the tap area's perimeter. The tiles come with a protective coating, removable with a clean, mildly dampened cloth before initial use.

Gray

Additional Colors

Black

White
