Harlequin Hi-Shine™

Harlequin Hi-Shine adds radiance to any occasion – it features a unique, scuff-resistant, high-gloss surface that creates a striking, glossy, reflective finish. It is a hard-wearing, reusable* vinyl event floor. Ideal floor for television & film, live events, stages, photography, fashion, and entertainment productions.

Installation: Harlequin Hi-Shine is specified for loose-lay installation and can be rolled out on any flat, smooth surface. The seams are taped on the underside to create a seamless look.

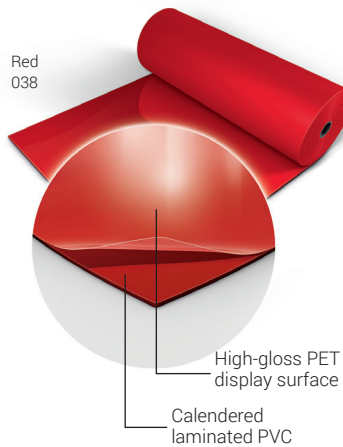

Harlequin Double-Sided Tape is recommended to secure the event flooring to a subfloor.

**Black, White, Gray, Blue, & Red only. Metallic Gold & Metallic Silver are single-use.*
